

FEDERAL ELECTRONIC
HEALTH RECORD
MODERNIZATION

Federal EHR Annual Summit

Virtual Event
October 25–27, 2022

The Federal Electronic Health Record Modernization (FEHRM) office,

along with the Department of Defense, Department of Veterans Affairs and Department of Homeland Security's U.S. Coast Guard, are excited to bring together end users of the federal EHR (including clinicians, nurses and administrators) and subject matter experts to enhance the federal EHR to better serve our providers and patients. The theme for this second annual summit is **Partners in EHR Excellence**. Register for the summit to hear from federal leaders and experts; earn continuing education credits; network with your peers; and share your experiences to help drive enhancements to the federal EHR as we work as partners in EHR excellence. Register for the summit at <https://cvent.me/QQ7NRQ?RefId=FederalEHRAnnualSummit>. Visit www.fehrm.gov/federal-ehr-annual-summit for up-to-date information.

The Federal EHR Annual Summit is approved for continuing education credits. More information will be provided during the summit.

This year's summit is organized by four breakout tracks targeted toward specific end users to provide feedback on relevant federal EHR capabilities.

Clinical Track: This track includes sessions targeting inpatient, emergency care, perioperative and emergency care physicians and nurses.

Ancillary Track: This track includes sessions targeting laboratory, radiology, pharmacy and dental providers and technicians.

Business Track: This track includes sessions targeting business operations staff.

Multidisciplinary Track: This track includes sessions targeting additional end users across different disciplines.

Federal EHR Annual Summit

Day 01

October 25, 2022
