

FEDERAL ELECTRONIC
HEALTH RECORD
MODERNIZATION

Federal EHR Annual Summit

Virtual Event
August 16 – 18, 2021

The Federal Electronic Health Record Modernization (FEHMRM) program office,

along with the Department of Defense, Department of Veterans Affairs and Department of Homeland Security's U.S. Coast Guard, are excited to bring together end users of the federal EHR (including clinicians, nurses and administrators) and subject matter experts to enhance the federal EHR to better serve our providers and patients. The theme for this first-ever summit is **Together Toward EHR Excellence**. Register for the summit to hear from federal leaders and experts; earn continuing education credits for day 1; network with your peers; and share your experiences to help drive enhancements to the federal EHR as we work together toward EHR excellence.

AMA Credit Designation

This activity has been approved for AMA PRA Category 1 Credit(s)™.

Nursing Credit Designation

This activity is eligible for ANCC contact hours, see final CNE activity announcement for specific details.

For full accreditation information and to register for this summit, please visit:

Postgraduate Institute
for Medicine

Jointly provided by Postgraduate Institute for Medicine and Federal
Electronic Health Record Modernization Program Office

Day 01

Learn from federal leaders and experts about your role in the broader federal EHR ecosystem whether it's getting into the convergence mindset; identifying and submitting change requests that will benefit others; or seeing the larger picture of health IT transformation

Monday, August 16, 2021

1030 – 1730 Eastern Time (0730 – 1430 Pacific Time)

1030 – 1045 Opening Remarks | Mr. Bill Tinston

1045 – 1130 Together Toward Standardized Clinical Practices | Dr. Kameron Matthews & Dr. James Ellzy

This session will discuss how the federal EHR can be used to standardize clinical practices to benefit end users.

- List ways the federal EHR can be used to standardize clinical practices
- Describe the benefits of standardizing clinical practices' workflows
- Explain one way DOD or VA have standardized clinical practices

1130 – 1210 Together Toward EHR Excellence | Mr. Ed Reyelts, Ms. Holly Joers, Mr. John H. Windom & RDML Chad Jacoby

This session will include an overview about the FEHRM. DOD, VA and USCG leadership will discuss how the federal EHR is benefiting their Departments and the successes they have experienced with the federal EHR.

- Identify the purpose and mission the FEHRM
- Share which Departments are using the EHR
- List the benefits of the federal EHR

1210 – 1230 How Enterprise Philosophy Shapes Localized EHR Deployments | Mr. Ken Slaughter

This session will discuss how enterprise standardization impacts localized deployments. Additionally, lessons learned and best practices from federal EHR deployments will be discussed.

- Describe how enterprise standardization impacts localized deployments
- List lessons learned from deployments
- Identify a program that has been implemented as a result of the lessons learned from deployments

1230 – 1315 Getting to Convergence | Dr. Meredith Josephs, Col Thomas Cantilina & Dr. Jacob Aaronson

This session will discuss the FEHRM's philosophy on convergence and how standardization with the federal EHR can be achieved. Additionally, key achievements at DOD and VA due to this philosophy will be discussed.

- Describe the FEHRM's philosophy on convergence
- Restate a successful convergence effort
- List the benefits of convergence

1315 – 1330 Break

1330 – 1400 Community Speaker: Unlocking the Potential of EHRs in Revolutionizing Patient Care | Dr. Diego Ize-Ludlow

This session will focus on best practices from a health care system that is a leader in health information technology (IT).

- Describe a best practice for implementing an EHR
- Identify a high-ranking hospital system within the health information technology space
- Propose how data can be used to improve the EHR for patient care

Day 01 Continued

Monday, August 16, 2021

1030 – 1730 Eastern Time (0730 – 1430 Pacific Time)

1400 – 1415 Enhancing the Federal EHR | Col Christina Sheets, CDR Jacquelyne Ivery & Ms. Lynelle Johnson

This session will provide an overview future federal EHR capabilities while discussing the impact of these capabilities to end users.

- List future enhancements/capabilities for the federal EHR
- Explain how future enhancements will impact end users
- Respond to future enhancements

1415 – 1440 The Impact of the Enterprise Operations Center and Federal Enclave on End Users | Dr. Monica Farah-Stapleton

This session will provide an overview of the Federal Enterprise Operations Center (EOC and Federal Enclave with a focus on how the EOC and Federal Enclave affects end users.

- Summarize the federal EHR ecosystem (explain what it includes)
- Explain how the Federal Enclave affects end users
- Describe what the benefits of the EOC are for end users

1440 – 1500 Afternoon Keynote Speaker | Dr. Micky Tripathi

This session will focus on the ongoing digital transformation in the federal health sector and how a single, common federal EHR will impact the broader health space going forward.

- Prepare for digital transformation in the federal health sector
- Recognize where the federal EHR can make the biggest impact in health information technology
- Share a next step in digital transformation

1500 – 1600 Lunch

1600 – 1630 Issue Resolution: Journey from Identification to Production | Mr. Richard Hoffman, Mr. Michael Collins & Mr. Timonthy Jones

This session will focus on the joint issue resolution process and how it impacts end users.

- Describe the process for reporting an end-user incident/issue
- React to the joint issue resolution process
- Explain how Tier 1 and Tier 2 issues are resolved

1630 – 1715 Change Request: Journey to Production with the Joint Sustainment and Adoption Board | CAPT Christopher Tatro, Mr. Jonathan Bagby, Dr. Donald Kowalewski & LCDR Jonathan Carmack

This session will focus on what the Joint Sustainment and Adoption Board (JSaAB) and Joint Change Configuration Board (CCB) are and how these boards impact facilities and end users.

- Identify a joint decision-making governance body
- Discuss the impact of change requests
- Explain what the JSaAB is

1715 – 1730 Closing Remarks: Together Toward Tomorrow | Dr. Meredith Josephs

Federal EHR Annual Summit

Day 02

Share your experiences with the federal EHR to help drive enhancements to the EHR as we work together toward EHR excellence

Tuesday, August 17, 2021

1230 – 1900 Eastern Time (0930 – 1600 Pacific Time)
Breakout Sessions

Joint End User Engagement

Clinical 1 (Primary) Track

Mpages/Message Center
iView/Flowsheets
PowerPlans

Clinical 2 (Specialty) Track

FirstNet
Behavioral Health
SurgiNet

Ancillary Track

PathNet
RadNet

Business Track

Health Information Management/Patient Administration
Cerner Practice Management Ambulatory
Patient Registration/Scheduling

Informatics Track

Event Set Hierarchy
CodeSets
Medical Device Integration Patient-Centric
Lights-On

Day 03

Wednesday, August 18, 2021

1100 – 1800 Eastern Time (0800 – 1500 Pacific Time)
Breakout Sessions

Joint End User Engagement

Clinical 1 (Primary) Track

PowerForms
Documentation
Care Pathways
Health Maintenance/HealtheRegistries
Alerts and Reminders

Clinical 2 (Specialty) Track

Dentrix
Geriatrics and Extended Care

Ancillary Track

PharmNet
User Provisioning/User Roles

Business Track

Clairvia/Capacity Management
Referrals/Care in the Community
Patient Accounting/Charge Services

Informatics Track

Patient Portal/Telehealth
HealtheIntent/Population Health
Reports
